

Hokkaido University–Hitachi

Joint Cooperative Support Program for Education and Research

Call for Students Eligible for Support

This program is a scholarship program that encourages outstanding students to enter doctoral programs and provides an environment in which they can devote themselves to research in order to foster human resources who will engage in research and development of advanced technologies that can contribute to solving social issues.

1. Application Requirements

- (1) Support will be provided to the 1st year students in the master's course, up to 3 students
- (2) The following 3 research fields are eligible for application. All of them need to be related to the SDGs.
 - ① “Empowerment” (Empowerment focusing on communities that connect the society and Individuals, including care for the socially vulnerable, mathematical modeling and brain science approaches.)
 - ② “Agriculture/Food” (Soil improvement, genome-edited crops, agricultural economics, etc.)
 - ③ “Environment/Space” (Satellite data utilization for primary industry, climate change monitoring, etc.)

2. Support Contents

- Support will be provided as below for 3 years of standard course duration (period of enrollment in the doctoral course)
- (1) Scholarship:
200,000/month will be provided twice a year, in April (first half of the year) and October (second half of the year).
 - (2) Research expenses and overseas travel expenses for the student:
Research expenses of 1,000,000 yen/year and overseas travel expenses of 600,000/year will be allocated to the student's laboratory in April every year.
 - (3) Research expenses to the laboratory to which the student belongs:
1,200,000 yen/year will be allocated in April every year.
