Note if symposium proceedings have been reviewed or not. Attach an asterisk (\*) after papers on which you are the corresponding author.
- (3) Summary of past research activities (approx. 800 words). In addition, select up to five of your publications and briefly describe the highlights and scientific significance of each.
- (4) List of past teaching activities (e.g., lecture courses, laboratory courses, seminars, undergraduate and graduate student supervision, science outreach activities with the general public, etc.)
- (5) List of external funds/grants received.
- (6) List of other achievements (e.g., committee membership in universities or academic societies, fieldwork, speeches (plenary, keynote or invited), patents, etc.)
- (7) Aspirations regarding education, research and university administration (approx. 800 words)
- (8) Names and contact information of two people who know you well (applicant does not need to contact them)
- (9) One complete set of reprints of research publications as PDF files, except for books

**15. Application deadline:** August 26, 2024, 17:00 (Japan Standard Time)

**16. Contact person and address for application materials:**

Prof. KUDO Hideaki

Faculty of Fisheries Sciences, Hokkaido University

3-1-1 Minato-cho, Hakodate 041-8611, Japan

Phone: +81-(0)138-40-5602 E-mail: hidea-k(at)fish.hokudai.ac.jp

All documents must be submitted by trackable mail. Please write “*Application for Faculty Position, Faculty of Fisheries Sciences*” on the envelope. Submitted documents will not be returned to the applicant. Personal information in the application will be used only for this selection.

**17. Interview:** The selection committee may ask applicants to come to the Hakodate Campus of Hokkaido University for an interview. The applicant must cover all travel expenses.

**18. Other information:**

- (1) In the Laboratory of Marine Environmental Science, the marine environment from the open ocean to coastal waters is analyzed in a multifaceted and comprehensive manner using physical and chemical oceanographic techniques. Our research and education aim to secure marine living resources, evaluate the carrying capacity of the marine environment, and conserve the marine environment in biologically productive areas. We seek applicants who research biogeochemical cycles between the sea and atmosphere from the subarctic North Pacific to the Arctic Ocean and their impacts on the global environment and marine ecosystem. We are particularly interested in candidates who can contribute to education and research in the field, including the use of the training vessels of Hokkaido University and other vessels in the subarctic and arctic marine ecosystems. We are also interested in candidates who have the initiative to lead international research projects and who will actively contribute to the management of the university.

- (2) Current members of the Laboratory of Marine Environmental Science (as of June 25, 2024):

Professors: KASAI Akihide, KUDO Isao (will retire in March 2025), OOKI Atsushi,

UENO Hiromichi

Associate Professors: ISODA Yutaka, NOMURA Daiki, YOSHIMURA Takeshi

Assistant Professor: ONISHI Hiroji

- (3) Working conditions follow the work rules set by Hokkaido University  
[https://www.hokudai.ac.jp/jimuk/reiki/reiki\\_honbun/u010RG00000447.html](https://www.hokudai.ac.jp/jimuk/reiki/reiki_honbun/u010RG00000447.html) [in Japanese]
- (4) Hokkaido University welcomes applications from women and foreign nationals, as it strives to employ a diverse range of people, support gender equality, support work-life balance and create an environment in which all people can fulfil their potential and play an active role.
